CUSTOM HOMES

BURWELL'S BLUFF PROJECT TEAM

- **Escalante Golf - DEVELOPER & OWNER OF KINGSMILL RESORT**

Built on more than 25 years of operational experience, the Escalante Golf portfolio includes luxury golf properties from Florida to California. Their expertise produces an unrivaled degree of excellence, seen in each daily-fee, semi-private, and private asset they own. By setting high expectations against these principles and demanding continuous improvements at their properties, they consistently grow bottom line revenue (even in down markets) while increasing member satisfaction.

Escalante Golf is different. Their boutique approach to property ownership and management eschews the notion of “flipping” real estate for immediate return. Rather, they stay grounded in careful stewardship and long-term maintenance of their assets, seeking sustained excellence for generations to come.

- **Kingsmill Resort Custom Homes - BUILDER**

Kingsmill Resort Custom Homes is a custom homebuilder based out of Williamsburg, VA. Long-time builder Stan Cairns leads a subsidiary of Escalante Golf, Kingsmill Resort Custom Homes. With their knowledge of the Kingsmill community as well as the standards of Escalante Golf, we are confident in KR Custom Home's ability in providing a product that lives up to the Kingsmill brand.

- **Kingsmill Realty - SALES**

Kingsmill Realty has an expert team of Realtors with over 130 years of cumulative real estate sales experience. With their primary focus being on the real estate opportunities within the Kingsmill community, they bring unmatched experience and enthusiasm to our team. KM Realty's role in the Burwell's Bluff development project will be executing the sales portion of the process.

- **Hart Howerton - PLANNER & LANDSCAPE ARCHITECT**

Hart Howerton is a team of planners, architects, landscape architects and interior designers headquartered in New York and San Francisco with a network of domestic and international offices. Their practice is “Designing Complete Environments”—exceptional buildings, communities and places—in special situations, where a unique historic or natural environment requires an especially thoughtful and innovative solution. Howerton has worked in 6 continents and 51 countries as they bring exceptional professionalism to our team.

- **Guernsey Tingle - RESIDENTIAL ARCHITECT**

Headquartered on the Virginia Peninsula, Guernsey Tingle has an architectural staff of 20. They are small enough to provide personal attention, yet large enough to respond quickly and thoroughly. The firm works in a studio atmosphere to design unique homes with architectural character that responds to the context of each unique site.

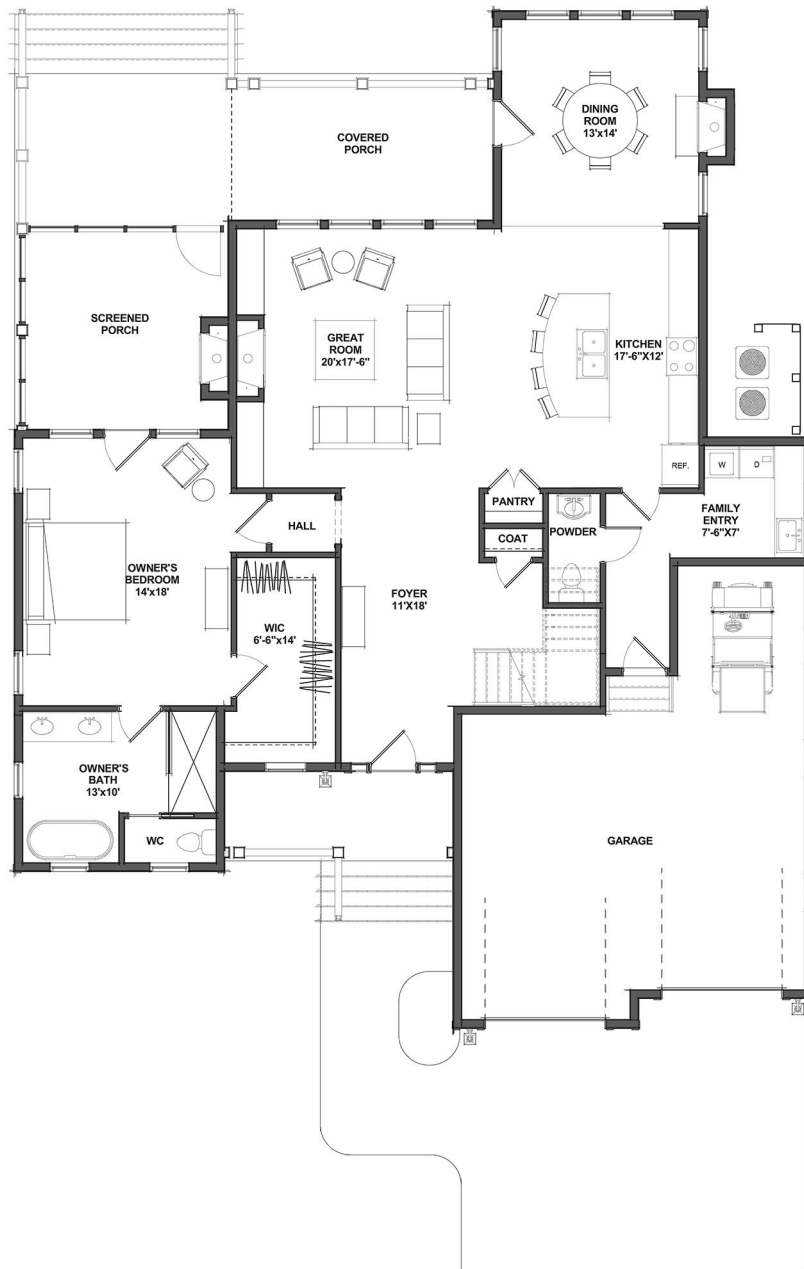

Guernsey Tingle began designing in the Greater Williamsburg area thirty-four years ago, and has grown to residential design services to clients throughout the Mid-Atlantic region. They design a broad range of residential homes, from multi-family townhomes to large custom residential homes.

- **C.A. Barrs Contractor, Inc. - LAND DEVELOPMENT**

C.A. Barrs specializes in road and sitework construction and development in Yorktown, Virginia. Since 1971 C.A. Barrs has completed over 1,500 projects building a reputation of excellence and reliability with private developers, general contractors, municipalities, and the federal government. Barrs has a phenomenal reputation in the local community, and we are thrilled to have them as a partner.

- **AES Consulting Engineers – CIVIL ENGINEER**

AES has been a leader in providing distinctive resources and business solutions. Their development has been fuelled by customer demand, and they have grown into a dynamic and diversified company, helping their clients achieve their goals through the application of innovative technologies and management techniques.
